Beauty

FIRST AND FOREMOST, OUR CUSTOMERS HAVE ACCESS TO EXPERTS IN COLOR.

- Color matching service that's very personally yours. Our experience ensures customers, contractors and manufacturer are all communicating using the same language and expectation. Start a color conversation.
- Complete color customization promises customers that their exact creative vision will be achieved.

Science

UNIQUE BLENDING PROCESSES AND COLOR FORMULATION ENSURES YOUR EXACT CREATIVE VISION CAN BE ACHIEVED.

- Proprietary, pre-packaged, water-soluble colorant solutions offer ease of use to contractors
- Pool plaster hydrophobic agent, the first of its kind in the market, actively repels water molecules, ensuring the plaster color stays truer and more vibrant for longer and providing peace of mind
- Color lab products are continuously tested via a spectrophotometer, and held to a tightly controlled variance, which guarantees quality assurance
